

NEW APPOINTMENT SYSTEM

With effect from **Monday 2nd July 2018** the Dolphins Practice will be trialling a new appointment system

One doctor each day will be responding to patients together with the patient advisors, dealing with the incoming calls and offering advice.

If the doctor feels you need to be seen appointments have been set aside for this eventuality

Normal pre-bookable slots will still be available as well as appointments for the day.

We will be trialling this for a month – please bear with us during this time.
